

MATERI UJIAN SNPDB 2023

MATA UJI : Bahasa Inggris

1.
Choose **two signs** of a reliable source of information based on the text.

- (A) There is a certain date of the event.
 - (B) There is an explicit place of the event.
 - (C) There is a clear source of information.
 - (D) There is a specific description of the event.
-

2.
How is paragraph 2 different from paragraph 3? Choose **one** correct answer.

- (A) Paragraph 2 asks the readers to look at the news closely while paragraph 3 asks the readers to compare it with others.
 - (B) Paragraph 2 asks the readers to find the source of the news while paragraph 3 asks the readers to find different perspectives.
 - (C) Paragraph 2 asks the readers to read the news carefully while paragraph 3 asks the readers to verify the news with an expert.
 - (D) Paragraph 2 asks the readers to compare more sources of the news while paragraph 3 asks the readers to check for dates and names.
-

3.
What should we do first after we read information online that makes us emotional? Choose **one** correct answer.

- (A) Check if the source is relevant to the story. A health issue should be discussed by doctors, not politicians.
 - (B) Recognize if there is a time for the event. Something that happens not in the present time could be a hoax.
 - (C) Read further if there is a detailed description of the event. Nothing should be hidden from public eyes or else they are hoaxes.
 - (D) Find out if other sources also cover the story. When all TVs also discuss that, somebody must have paid a lot of money to do it.
-

4.
Choose **two correct answers** based on the text. Why does the writer once in a while bring the food to school?

- (A) It is high time for her to go to school.
 - (B) She wants to have her second breakfast.
 - (C) There is no more time to have breakfast.
 - (D) She wants to have breakfast with friends.
-

5.
The writer has an organized schedule at her dorm. Match the following activities at the dorm and its time.

- (A) before sleep
 - (B) before duha
 - (C) before ashar
 - (D) before maghrib
-

6.
What is probably the reason why the writer thought living in a dorm was boring and uncomfortable? Choose **one** correct answer.

- (A) Because she heard of her friends' experience
 - (B) Because she had 24-hour activities in the dorm
 - (C) Because she had no experience living in a dorm
 - (D) Because she thought a lot about living in the dorm
-

7.

LOVE THE SEA, LOVE THE EARTH

Did you know?

International Union for Conservation of Nature states that annually, there are 14 millions land-based plastic waste ends in the sea and plastic makes up to 80% of all waste debris found on the surface of the sea and the deep sea sediments.

35.4% of land-based waste found in Indonesia ocean is PLASTICS.

If we don't take action, by **2050** there will be more plastic than fish in our ocean

What is the problem?

The amount of plastic waste dumped into our ocean has come to an alarming state that we need to take serious action to reduce and prevent future damaging impacts because of it.

What can we do?

<https://endplasticwaste.org> suggests several ways to help reduce plastic waste.

- **Infrastructure** - Develop and invest in systems to improve the collection and management of plastic waste
- **Innovation** - Incubate and accelerate ideas to help scale new solutions and technologies
- **Education** - Empower people with the knowledge to better understand and take action in the plastic waste challenge
- **Cleanup** - Work with partners to address plastic waste at source

Plastic in the ocean is a concerning fact. Based on the information above, choose **two** effects that can happen because of plastic waste.

- (A) It poisons people.
- (B) It kills sea animals.
- (C) It covers our ocean.
- (D) It pollutes the ocean floor.

8.

LOVE THE SEA, LOVE THE EARTH

Did you know?

International Union for Conservation of Nature states that annually, there are 14 millions land-based plastic waste ends in the sea and plastic makes up to 80% of all waste debris found on the surface of the sea and the deep sea sediments.

35.4% of land-based waste found in Indonesia ocean is PLASTICS.

If we don't take action, by **2050** there will be more plastic than fish in our ocean

What is the problem?

The amount of plastic waste dumped into our ocean has come to an alarming state that we need to take serious action to reduce and prevent future damaging impacts because of it.

What can we do?

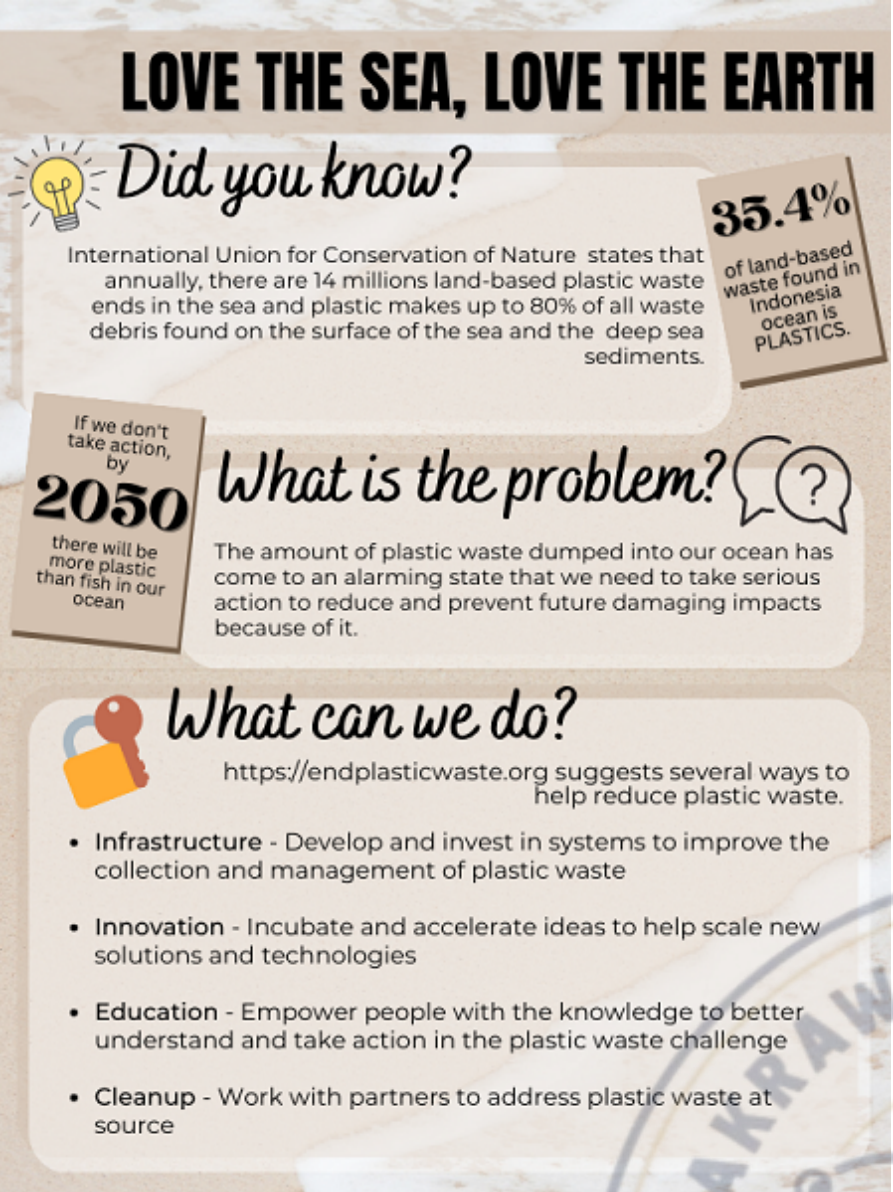

<https://endplasticwaste.org> suggests several ways to help reduce plastic waste.

- **Infrastructure** - Develop and invest in systems to improve the collection and management of plastic waste
- **Innovation** - Incubate and accelerate ideas to help scale new solutions and technologies
- **Education** - Empower people with the knowledge to better understand and take action in the plastic waste challenge
- **Cleanup** - Work with partners to address plastic waste at source

How does the recommended solution help reduce the issue of plastic waste in our ocean? Choose **one** correct answer.

- (A) The more plastic is recycled, the less of it is released into the ocean.

- (B) The bigger the prize of the challenge, the more people clean the oceans.
- (C) The more people are involved, the more plastic can be cleaned from our oceans.
